About This Game

Once again, your mission is to penetrate a strange organization's infrastructure to discover their secrets. Your employer needs help discovering who is out to get her and she only trusts you to take on this perilous mission. Hack Time uses old-school prompts (like DOS and UNIX) to access virtual programs and systems. Gain access to users' files and emails to discover new ways to dig deeper and deeper.

Note: Hack Time is the third installment in the Hack RUN series. You should try the first version 'Hack RUN' before starting this game.
